

Weekly Newsletter

What a wonderful week we have had in school listening to poetry, learning our numbers and lots of art work for the classroom. The children are very excited that their mums and dads are coming in to see all their hard work next week at our curriculum evening. It was lovely to see the children exploring the school this week looking for shapes inside and outside. This week the Class Teachers have been thinking about the outside space and have ordered lots of fun and exciting things...watch this space!
