

Last week, we announced the launch of our Pupil Parliament - a network of pupil groups, named after real government departments that will work on specific projects in school to bring about positive change. Through the democratic process of voting, our pupils have now decided who they would like to represent them in the following two departments this year:

- **The Home Office** - this pupil group comprises of our Year 2 House Captains. Their main priorities will focus on the promotion of our three school rules and celebrating the achievements and successes of members of their House through competitions and events in school.
- **The Ministry of Justice** - democratically elected members from Nursery to Year 2 that will promote the Rights of a Child. Their initial focus will be on Article 31 - 'the right to play' as they embark on the exciting project of developing the Trim Trail on our school playground.

We are excited to see the opportunities that our Pupil Parliament will create for our pupils to contribute to the ongoing development of our school, and the impact their work will have on the lives of all children and adults at Cheadle Hulme Primary School.

A child with a disability has the right to live a full and decent life with dignity and, as far as possible, independence and to play an active part in the community. Governments must do all they can to support disabled children and their families.
