

We have joined schools and organisations across the country to mark this year's Anti-Bullying Week with the theme '**United Against Bullying**'. The week began with Odd Socks Day and an assembly that reminded children that everybody is different but everyone is equal.

As part of our continued commitment to developing our pupils as kind, empathetic and respectful young people, we ended the week by holding our first UNICEF Outright Day. All pupils engaged in activities that raised awareness of the Rights of the Child, with a particular focus on climate change and how this affects people and places across the world. Our Reception children were so passionate and inspired by this that they held their very own (peaceful!) demonstration to demand change and share ways that they could work together to make a difference.

School Lunch Menu

From next week, our school catering company will be introducing a new menu for our children to enjoy. The two week menu will continue to provide a range of options for children to choose from whilst broadening the variety of dishes on offer each week.

The new school lunch menu has been shared electronically with this week's Newsletter and will also be available on our school website.

Home School Agreement

Working in partnership has never been more important and as part of our ongoing efforts to share the responsibility of making it as safe as possible for pupils and staff to attend school, we shared our updated Home School Agreement with last week's Newsletter. Thank you to all parents and carers for reading this and indicating your agreement through [this short survey](#). If you have not yet had the opportunity to complete this, don't worry the link will still be active for a few more days. Thank you for your continued support in keeping everybody safe during this time.
