

Newsletter

At Cheadle Hulme Primary School we are passionate about preparing our children for a world we know and a world yet to be discovered. Throughout the school, there has been a real buzz amongst pupils and staff who are excited to be embracing the challenges and opportunities that learning brings. An area of school where this has most definitely been the case has been in our Nursery and Reception classrooms, where pupils have been adapting to a new environment and exploring the possibilities within each area of learning. There have been many highlights for these pupils in particular who have been busy making new friends, sharing stories about themselves and their families and, of course, enjoying their first school lunch!

Don't forget, if you haven't already done so, to follow our school Twitter account @CheadleHulmePri and the individual year group accounts for updates of what we have been getting up to in our learning at school:

@CHPSNursery	@CHPSRec	Mrs Drake	Mr Thompson
@CHPSYr1	@CHPSYr2	Head of School	Deputy Head of School

School Photographer

On Monday 14th September, our school photographer will be on site to take individual photographs of your child. As part of our on site safety measures, the photographs will be taken outdoors and at a distance of at least 2 metres. Please ensure that your child is in full school uniform.

We have arranged for the photographer to return to school later this half term to take photographs of our Year 2 children and siblings.

Birthday Sweets

We know how much the children like to bring in sweets on their birthday for their classmates, but under the circumstances we request that you do not send anything in for your child to give out in order to minimise any items moving through school and between households. The adults in your child's year group will still ensure that their birthday is celebrated and made special in the small ways that we can.

Public Health England Information

This week we have shared information from Public Health England about Covid-19. We recommend that you read this along with the further guidance detailed in the link embedded in the leaflet and the letter that was emailed from school. We thank you, as ever for your continued cooperation and support to stay as safe as we can during these times.

School Water Bottles

Please ensure that your child brings their water bottle to school each day and it has been filled up. If your child requires a water bottle, please contact the School Office on 0161 507 5400 or at admin@cheadlehulmeprimary.org.uk

We will make sure that they are provided with a new water bottle and add the item to your ParentPay account.
