

Weekly Newsletter

At Cheadle Hulme Primary School we strive to provide opportunities that go beyond the statutory National Curriculum and Early Years Framework. One way in which this is achieved is through offering a range of extra-curricular clubs and activities. Last week saw the children participating in their first extra-curricular club sessions with fantastic feedback being given from the Mini-Sports coaches about our children. Art Club were especially excited to be going upstairs to work in the Specialist Teaching Room where they had a hopping time making frogs! Gardening Club have begun the exciting task of transforming the school grounds whilst the children in Computing Club put their skills to work learning about coding. A great time was had by all children and staff.

Mrs Drake, Head of School

Notes & Reminders

Parent/Carer Survey Summer 2019

Please complete the short survey sent out last week by end of day on Monday 13th May 2019. Thank you for taking the time to share your views.

Lost Property

Please make sure all personal items that come into school are clearly named. If an item has a child's name in it, more often than not it will be found and returned. We have noticed that some labels have begun to wash off and we have some items of clothing in school with no names in them. Mrs Jones has a box of un-named PE kit clothing in her room. Please go and see her if you think you may have an item missing.

Gardening Club

Please be aware there is a likelihood that the children attending gardening club may get dirty! Please send in a named bag with clothes that can get messy for your child to change into on the day that they attend gardening club.

Mini Sports Club

The children are free to wear their school PE kits providing that it is returned to school the following morning, so the children can participate in the Manchester City session on Tuesday afternoon.

This week on Twitter...

We had a lovely visit to the school library today. We enjoyed choosing our very first library book and sharing stories together. Have fun reading them at home!

We had a ribbeting time tonight at arts and crafts club making our yoghurt pot frogs!

Dates for your Diary

6th May	School Closed - Bank Holiday
16th May	School Nurse Visit
24th May	End of Summer 1 Term
10th June	Start of Summer 2 Term
