

Welcome back to the Summer Term here at Cheadle Hulme Primary School, we hope you had a great break and your children are excited to be back at school for their final term of the year. A new term brings an exciting new selection of Bookshelves for the children, which have been carefully selected by the team to enthuse pupils in their learning and also to help them explore their respective themes, which this term include: curiosity, growth and hope. Over the course of the eight years with us, these themes are revisited with the intention that the children's understanding of them develops over time.

Mrs Drake
Head of School

Mr Thompson
Deputy Head of School

Ramadan Celebrations

Many of our families are observing Ramadan at the moment and are increasing their spiritual devotion through prayer, giving to charity and fasting during daylight hours. We have been talking to the children about this during the week and have had kind offers from two members of staff to share their experiences of Ramadan with the children so that they can increase their knowledge and understanding and ask questions to find out more. In addition, we were very fortunate to receive a donation of books, written by one of our parents, Mrs Khan (2PC), which will be used next week in class to support teaching and learning in our RE lessons.

class to support teaching and learning in our RE lessons.

Teacher Training Opportunity

We still have a small number of places remaining for our 2021-22 teacher training cohort. If you or anyone you know are interested in training as part of our SCITT led by the Altius Alliance (part of the Laurus Trust), please visit our website [here](#) for more details.

Starting School in September?

If your child, or a child of somebody you know, is starting with us in September 2021, then please take a look at the content on the [Starting School](#) page of our school website for some of the key information you may need to support their transition to school.

House Flagpole

You may have noticed the new flagpole that has recently been installed at the front of school. Our House Captains will take on the ceremonial task of ensuring the correct flag flies high to celebrate the success of their House's achievements. House points are awarded to pupils to reward their positive actions linked to our three school rules: we are respectful, we do our best and we make good choices. Congratulations to Magnus for their achievements last term, we look forward to seeing which flag is flying high next!

Covid Restrictions

The national lockdown may be easing, but Covid still poses a real risk to both the health of the community and the continued opening of schools. With this in mind, it is essential that all parents continue to support collective efforts including:

- Keeping your child at home if they are showing symptoms of coronavirus and booking a PCR test
- Always wearing face coverings when on site
- Following the one-way system when on site
- Keeping to drop-off and pick-up times
- Vacating the school site as soon as you have collected your child(ren). The rear access gate into Bruntwood Park is also open each day for families that may wish to use this route off site

Article 20: Every child has the right to special protection and help if they cannot live with their parents.
