

Weekly Newsletter

The first half of the summer term has flown by! The children have enjoyed attending our extra curricular clubs and forest school, where the rain ensured there was lots of mud to play with! We have been visited by Mrs Murphy and experienced a dance workshop and been learning about Ramadan and trying new foods. Our reading has taken us on an adventure around school with the reading challenge and everyone has loved taking books home from our school library. So much fun was had learning about bog babies and new life, with the children excitedly watching their seeds grow. Looking forward to seeing how the growing goes at home! Have a great half term break and we will see you in June for our final half term of the year!

Mrs Drake, Head of School

Notes & Reminders

PTA

The PTA are in full swing planning the Summer Festival which is on **6th July, 12-3pm**. We will soon be requesting donations for the tombola and more importantly for volunteers to assist on the day. Please support us in helping make this event a wonderful one! One current request: If anyone has a van they could make available on the day of the festival please get in touch. Have a great half term from the PTA Committee!

pta.chps@gmail.com

Planned Absence

Any planned absence must be requested in writing, in advance, for the attention of Mrs Drake. A reply will then be sent to you stating whether or not the reason given allows for the absence to be authorised or not. You may be asked to come into school to discuss your child's attendance if we have concerns about the amount of time they are missing. The Government expects schools and Local Authorities to promote good attendance and reduce absence. If the absence is unauthorised and you choose to proceed with the absence, then the school has a duty to inform the Local Authority who may impose a Fixed Penalty Fine.

Sports Day

Our sports day will take place on Friday 28th June, 9.15am. There will be a series of activities for the children to participate in set up on the school playground. Family members are welcome to come along and support the children.

This week on Twitter...

We have been busy making and creating 2d and 3d shapes. "Look it's a house, there's a pyramid on top of a cube."

We're very impressed with how these have turned out!
