UNICEF Rights Respecting School

As many of you know, we are a UNICEF Rights Respecting school meaning we place the Rights of the Child at the heart of our curriculum, culture and ethos. We strive to ensure the Rights of the Child, along with the values of dignity, justice and respect (which is also one of our curriculum drivers) underpins all that we do, from the Early Years right through to Key Stage Two.

We want our children to be passionate advocates for the rights of others, whilst also understanding that all adults have a duty to help children to enjoy their rights. Each term, the children explore a number of rights (often referred to as articles) which link to the theme and Curriculum Bookshelf their learning is based on. This enables them to contextualise and discuss rights through stories and the ways that characters behave. Our whole school assembly focus builds on this work and the article named in each newsletter links back to the story that was read and messages that were shared.

Mr Thompson, Head of School

Leadership Focus

One of our school development priorities focuses on the personal development and wellbeing of all pupils. As part of this, Mr Ives (Values and Attitudes Lead) has been working with all staff to ensure expectations and routines are established from the start of the school year and are consistent in all phases. Mr Ives also led our Professional Learning Meeting this week to begin our work on further developing our behaviour curriculum.

Important Notes /Reminders

Update Medical Information on MCAS

Please ensure that you have updated your child's medical information - particularly in relation to allergies - via the MCAS app. Instructions on how to do this has been shared with this weeks newsletter and can also be accessed [here](#). This information is essential to safeguard all children at school and we thank you in advance for taking a few minutes to do this.

LKS2 Drop Off Arrangements

As our school continues to grow, our use of the site and operational decisions we make continue to evolve. One of the projects we had completed over the summer was the installation of a second gate and widening of the footpath to ease congestion on arrival. The LKS2 team have trialled different approaches to getting the children in swiftly and safely, though they recognise it still isn't perfect! Please can parents/carers be mindful of families with younger children needing to pass and wait on the picket fence side of the footpath until the doors are open. Thank you for your ongoing support.

KS2 Snacks

Children in Key Stage Two are welcome to bring in a snack for morning break. These may include fruit, vegetables or a bread based item. This does not include packets of crisps or any sugary bars.

Kids Club Emails

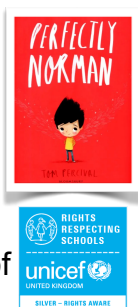

If you need to get in touch with the Kids Club team, please use the dedicated email address kidsclub@cheadlehulmeprimary.org.uk to ensure that your query reaches the correct people in a timely manner.

Free School Meals

If your child is in Pre-School or Years 3 and above, you may be eligible for free school meals. To find out more, [click here](#).

Article 8

All children have the right to an identity. In this week's assembly we read 'Perfectly Norman' by Tom Percival, a story about a little boy who grows a pair of wings. We talked about the importance of being proud to be you.

CHPS PTA

Welcome to all new families

A welcome letter has been shared with this week's Newsletter and we look forward to working with you to enhance your child's experience at Cheadle Hulme Primary School.

Further details on this years fundraising events will be shared soon and some of the events are already in this years annual planner.

Crown Street Primary School

We are looking forward to adding a fourth primary school to the Laurus Trust, which is currently being built in central Manchester as part of the Great Jackson Street development. The school is set to open in September 2024 and will give us a really interesting additional perspective due to its geography and demographic which will be very different to our existing primary schools.
